Child Lures:
Empowering your children to protect themselves.

Dear Parents/Guardians,

As you know, there are people who prey on children out there in the world. Your children need some basics to help them protect themselves from such dangers. To help you, we will be presenting the *CHILD LURES* program to your child once a year in our religious education program. Giving your child this information once a year is a beginning, but it is you who can empower your child by discussing with them and reminding them of the dangers in their daily lives.

By signing below, you are acknowledging:

- That you understand diocesan trained facilitators will present this material in an age appropriate way once this year to your child.
- That you will attend the presentation along with your child.

.....-

I understand that the CHILD LURES program will be presented to my child this year at which time I will also attend.
